OF THE

SUSSEX COUNTY HOSPITAL,

AT BRIGHTON,

which cannot be repealed, or any new ones made, without the consent of twenty-five Governors, assembled in a General Court on due notice.

1. That this Establishment be styled the *Sussex County Hospital and General Sea-Bathing Infirmary*, to be open for the reception of the Sick and Lame Poor of every County and Nation.

2. That all Contributors who shall give twenty-five guineas, or more, at one time, in lands or money, for the use of the Hospital, shall be Governors for life; also all who subscribe two guineas, or more, per annum, shall be Governors during the continuance of their subscription; and also all the Physicians and Surgeons of the Hospital during their attendance, whether they subscribe any money for the purposes of the Charity or not; but that no other persons be made Governors without having been proposed to a General Court a month before their election.

GENERAL COURT.

3. That a General Court of Governors be held twice in every year, namely, the first Wednesday in February, and the first Wednesday in August, at twelve o'clock on each day, to take into consideration the reports of the Committee, to inspect the Accounts, and transact such other business as shall be laid before them.

4. On the second Wednesday in October, the day to be kept as the Anniversary of the Foundation of the Hospital; the Subscribers and Friends of the Institution will Dine together, at the hour and place to be appointed by the Committee.

5. That at the General Court, to be held on the first Wednesday in

February, a President of the Hospital, three Vice-Presidents, and a Treasurer, shall be elected for one year, and that they shall all enter on their respective Offices the next Committee day after their election; and that at all General Courts a Vice-President, in the absence of the President, shall be the Chairman.

6. That the President, or a Vice-President, the Committee at their Weekly Board, or any twelve of the Governors, (by a writing under their hands, delivered to the Secretary of the Hospital) have power to call a General Court, at any time; on five days notice given to the Governors residing in Brighton; and by an advertisement in the Lewes and in one of the Brighton Weekly Papers for the space of ten days before the holding thereof, in which the object of the Meeting shall be specified.

7. That a public summons for every General Court be fixed up at the great door of the Hospital, and at such other places as shall be appointed, in which all particular business shall be expressed; and that none of the Statutes, nor Rules and Orders for the government and conduct of the House, &c. be altered or repealed, nor any new ones made, without having been communicated to a General Court, or to the Weekly Board, at least twenty-one days before; and that a copy of the said Statutes, Rules and Orders, which shall have been so proposed, together with all the business to be transacted at the General Court, be hung up in the Board Room three entire days before the day on which the General Court is to be held. Provided, always, that this Order be not construed to extend to such business as by these Statutes is directed to be done, at stated times, or to limit the power of a Court of Governors in altering the terms of any order, which is to be previously communicated in the manner above-mentioned.

8. That a majority of the votes of those who are present shall be sufficient for all elections at a General Court of Governors; but that all *Rules and Orders* made without the consent of fifteen or more Governors shall be null and void.

9. That all elections, (except such as are unanimous) both at a Court of Governors, and at a Committee, be made by ballot.

10. That no person shall have a vote at a Committee, or Court of Governors, or at an election, unless he shall have been reported a Governor

six calendar months before a vacancy of any office be declared; and that no Governor or Member of the Committee, shall have a vote in any case whose subscription is not paid to the time of his voting.

11. That no material alterations, new purchases, or additional buildings, be made without the directions of a General Court of Governors, at which fifteen at least shall be present, and a majority consenting thereto; except only where a benefaction or legacy is given for any particular purpose.

12. That at all Meetings, either of the Governors or the Committee, every person in speaking stand up and address himself to the Chairman.

13. That no person be allowed to speak more than twice in a debate, at either Board without leave; and that when two persons offer to speak at the same time the Chairman shall direct which of them is to proceed.

14. That no Governor, or other person, be present either at the Committee Board, or at the Court of Governors, when any case or claim of his is under consideration, except when he shall be desired to attend.

15. That the manner of all elections and debates at either Board shall be directed, and all questions proposed, by the person presiding; and that when a majority of the whole number, either of the Committee, or Court of Governors, cannot be found at the first scrutiny for the electing one or more person or persons, the person presiding shall proceed immediately to another scrutiny, leaving out the candidate who had the fewest votes, and if a majority be not then found, he shall drop another candidate who shall have the fewest votes, and proceed again to a third scrutiny, and so on, until a majority of the whole number appears for one or more person or persons to be elected, according to the Rules of the Hospital, and that in this, or any other case, where the votes are equal, the person presiding shall have a casting vote.

16. That the person presiding at either Board shall not refuse to propose any question, or have power to adjourn or dissolve any Meeting without the consent of a majority, until the business be wholly finished; and that in case of a refusal to propose any question, or attempt to adjourn or dissolve any Meeting, the majority of those that are present may constitute and appoint some other Governor to preside in his stead.

17. That if the President and Vice-Presidents shall at any time be absent, the majority of the Governors present may nominate one to preside for that time only; and that whenever the Treasurer shall have occasion to be absent, and shall not have appointed some other Member of the Committee to act in his stead, the majority of the Committee then present shall have power to supply the defect.

18. That the minutes of the proceedings of every Meeting, both at a Court of Governors and at a Committee, shall be read as soon as the business of such Meeting is finished, and that a fair copy of them, with an account of the number of Governors that were present, signed by the person presiding, and another Governor, shall be read over at the next Meeting before any other business is begun.

19. At a General Meeting of Governors fifteen shall constitute a quorum.

20. At every Board of Governors the minutes of the last Board shall be read before any other business is begun; and none of the proceedings shall be valid or acted upon until they have been duly recorded and signed by the Chairman in a book kept for that purpose.

GENERAL COMMITTEE.

21. That there be a General Committee of Governors for the management of the affairs of the Hospital, which Committee shall consist of all who subscribe five guineas, or more, a year, or give a benefaction equivalent thereto, and also of the President, Vice-Presidents, Treasurer, and eighteen other Governors, to be elected by a General Court. And to the intent that the eighteen Governors elected and appointed to be Members of the Committee may have perpetual succession at every annual election, (which shall always be at the General Court, on the first Wednesday in February,) six new Members shall be chosen into the Committee in the room of those six that shall have been longest elected Members, who shall go out of their offices every year, the next Committee day after the said election; provided always, that those Governors who have attended as Members of the elective part of the Committee be put in nomination before any others.

22. That the Committee do appoint their own Chairman for the

day, and the Visitors for the week ; and any *particular* Committee, their Chairman for the time of their sitting.

23. That no person be President or Chairman, and Treasurer, at the same time.

24. That no one be capable of being elected, or of acting as a Member of the Committee, until he has been reported a Governor, either at a General Court, or Committee ; nor any one (unless he be a standing Member by virtue of his subscription) be continued as a Member of the Committee, in any capacity, for more than three years successively.

25. If at any time of the year there shall be a vacancy in the Committee, the Weekly Board within fifteen days after such vacancy, may appoint another Governor, who shall continue in office as a Member of the Committee so long as the person whose place he supplies would have continued, and no longer.

26. That the Committee shall meet every Wednesday at twelve o'clock at noon, three to be a quorum, and at such other times as the Chairman of the Committee, or Treasurer, shall think proper, to execute the orders of the Court of Governors ; to examine the Treasurer's and Matron's accounts ; and the reports of the Visitors and Auditors ; and to direct all matters whatever which relate to the receiving, rejecting, or discharging of Patients ; or which concern the expences, government, or conduct of the Hospital, and of the Officers and Servants belonging to it, as far as is directed by these Statutes or Rules and Orders.

27. That at the first Weekly Board in every month, two of the Subscribers (the Chairman and Treasurer excepted) be appointed Auditors, to examine the books and sign all bills in order to their being laid before the Committee, and that all the Members of the Committee have a right to be present at these examinations ; and in case of any default of appointment by the Board, or the absence or neglect of such as shall at any time be appointed, such default, absence, or neglect, shall be supplied by the appointment of the Chairman for the time being. The Auditors are likewise to compare weekly, the fair Committee book with the rough minutes, after which they are to examine the accounts with the fair Committee book, and see that the new Subscribers are entered, and the subscriptions received properly taken notice of (by references to the cash book) in the book of arrears.

28. That no business be transacted at the Committee, (except only what relates to the ordinary expences, or to the government of the Servants and Patients, and the discipline of the House,) without having been proposed in form, at least a week before hand to a full Committee, by which is to be understood, a Committee at which ten or more Members are consenting to any order or act, made or done.

29. That the Committee shall hold a general visitation of the Patients and Servants once in every quarter. That the visitation of Patients be on the Wednesday before every quarter day, and the general visitation of the Servants at the Committee next after every quarter day, when all the Servants shall appear in the Board Room, and the Rules of the House relating to their conduct, shall be then and there read before them, in order to their being examined on such heads as any Member of the Committee shall think proper.

30. That as often as the Physicians or Surgeons shall be reduced below the number of three, either by death or non-attendance, and also whenever a vacancy shall happen in the places of Secretary, House-Surgeon, or Matron, the Committee, at their Meeting immediately succeeding the vacancy, shall direct notice to be given of it the following week in the Lewes and in one of the Brighton Newspapers, and in the same advertisement summon a General Meeting for the purpose of filling the vacancy; the said Meeting to be on any day not less than four weeks, nor more than eight weeks, from the date of the advertisement.

31. The Committee shall appoint a person to transact the business of any vacant office till the election, except that of Physician or Surgeon, in which case the remaining Physicians or Surgeons shall be requested to transact the business in the interim.

32. They shall have power, ten Members consenting thereto, to suspend the House-Surgeon, Secretary, and Matron, and appoint others in their room until the next Board of Governors. And that the Porter, Nurses, and other common Servants, be appointed or removed by the Committee at their Weekly Board; and that whenever any persons are taken into the service of the Hospital, the Rules relating to such Servants be read and explained to them by the Matron or House-Surgeon.

33. That the Committee shall have authority to direct all such

concerns of the Institution as shall not require the authority or sanction of a General Court.

34. That all Benefactions amounting to twenty-five guineas, or upwards, *given in lieu of yearly subscriptions*, be invested in the name of Trustees, and be held inviolable.

35. That excepting the Benefactions specified in the preceding Statute, full Committees, at which not fewer than ten must be present, have power to lay out on securities as they shall think fit, such sums as shall be given by Will, or otherwise, to the use of the Hospital, and also any overplus of money which shall remain in the Treasurer's hands, or in the strong box, arising from subscriptions, and in hand at the end of the year.

MISCELLANEOUS.

36. That it be the duty of the President, Vice-President, or Chairman, to execute the Rules and Orders of the respective Boards at which they preside.

37. That no Physician or Surgeon of the Hospital be capable of being elected into the Committee, or of acting as a Member of it in any matters which relate to the admission or discharge of Patients, but in all other respects, including the right of recommending Patients, they shall be on a footing with Subscribers of five-guineas.

38. That a report of the state of the Hospital, and of the number of Patients received and discharged within a year past, together with an abstract of the proceedings of the Governors, and of the accounts of the Hospital for the foregoing year, be drawn up and published every year for the satisfaction of all the Contributors.—See also page 24, Rule 104.

39. That proper tables of the Rules and Orders which relate to the conduct of the Officers, Patients, or Servants, be hung up in the wards, and such other parts of the House as the Committee shall think proper.
